

Mitosis and Meiosis Flip Book

Mitosis iMovie:

Draw the cell and using pipe cleaners as chromosomes create the six stages.

See pages 100-101 for a reference.

Label and take a picture of each stage.

Export images as jpegs.

Import images into iMovie.

Place the six pictures in order.

Set transitions and timing so they play every few seconds.

Meiosis iMovie:

Draw the cell and using pipe cleaners as chromosomes create the eight stages.

See page 128-129 for a reference.

Label and take a picture of each stage.

Export images as jpegs.

Import images into iMovie.

Place the eight pictures in order.

Set transitions and timing so they play every few seconds.
